

PolyPlus® HTP® Coated High Tensile Wire

**20
YEAR**
Limited
Warranty

- **Most Economical Fence**
- **2x Stronger than Braid**
- **Safer than Smooth or Barbed Wire**

PolyPlus® HTP® is permanent fencing that uses a 12.5 gauge pre-straightened galvanized high-tensile wire embedded in a tough HTP® polymer coating to produce a safer wire fence.

PolyPlus® HTP® withstands impact without risking injury to your horse. Our coated design means no slicing or cutting injuries.

PolyPlus® HTP® installs like high-tensile wire and is engineered for durability, resistant to wear and withstands extreme temperature ranges. It is effective in high-tensile installations regardless of overall fence length.

SPECIFICATIONS

Total Wire Diameter	5/16"
Roll Length	500' 1320'
Steel Wire	12.5-Gauge
Min. Break Strength	1,400 lbs
Weight Per Roll	64 lbs
Colors	White ○ Black ● Brown ●

**Sure-Fit®
Safety
Sleeve**

Unique T-sleeves convert a metal T-post into an HTP® post that is much safer and more attractive.
Durable and impact resistant.
Available in white only.

◀ **Exclusive Sure-Fit® Safety Sleeves** fit securely over standard metal t-posts

P/N 993124
0508

PolyPlus® is manufactured in Muscle Shoals, Alabama

PolyPlus® HTP® Coated High Tensile Wire

Centaur® is the inventor of **High Tensile Polymer (HTP)**, a material that is a blend of impact modifiers, UV stabilizers, and anti-fungicides. Formulated for strength, durability and appearance, HTP® fencing material is color fast, stain-resistant and mildew resistant.

PolyPlus® HTP® withstands temperature conditions from **-40°F to 200°F** without becoming brittle or experiencing any kind of breakdown.

Fencer's Lasso

EASIEST AND FASTEST
WAY TO TERMINATE

Fencer's Lasso

The Fencer's Lasso is an end-strain insulator with a pre-attached cable and preformed loop which allows for fast attachment of an end post in just seconds without any tools. Fits up to 8" diameter post.

PolyPlus® HTP®

- Mechanically bonded fence - Ask us how this differs from others!
- Unique single-strand fence rail using 12.5 gauge galvanized high-tensile steel wire embedded in a tough HTP® Polymer coating
- Made in the USA
- Fence life is 20+ years with a 20-year limited warranty
- PolyPlus® Htp® coated high tensile wire is easily combined with other Centaur fencing to fit your budget or design needs
