

Spur HTP® 4" Flexible Rail

**20
YEAR**
Limited
Warranty

- Safer than Wood Rails by Flexing on Impact
- Practically Maintenance-Free!
- Versatile Fence

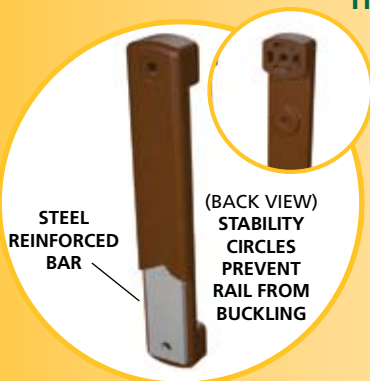

Spur HTP® 4" Rail is a superior flexible fence that is practically maintenance-free. Safer than wood, wire or vinyl, Spur HTP® is a versatile fence that may be combined with other Centaur® fencing.

Spur HTP® 4" rail withstands impact without risking injury to your horse. Our flexible design means no caught legs or entanglement injuries.

Spur installs faster than wood and rigid PVC and will never splinter, rust, rot, crack, or fade! Nominal maintenance costs for accessory and post replacements.

The molded Spur HTP® high-tensile polymer bracket with steel reinforced bar is virtually indestructible.

The exclusive design allows the rail to move through the bracket dispersing impact. Stability circles prevent "buckling" due to upward or downward pressure on the rail extending rail life.

◀ **Spur brackets** are created specifically for 4" flexible polymer fencing

P/N 993115
0508

- No Splinters • No Painting
- No Rust • No Peeling
- No Cribbing • No Problem

SPECIFICATIONS

Total Rail Width	4"
Roll Length	660'

Min. Break Strength	2,700 lbs
Weight Per Roll	113 lbs
Colors	White ○ Black ● Brown ●

Spur HTP® 4" Rail is manufactured in Muscle Shoals, Alabama

Spur HTP® 4" Flexible Rail

Centaur® is the inventor of **High Tensile Polymer (HTP)**, a material that is a blend of impact modifiers, UV stabilizers, and anti-fungicides. Formulated for strength, durability and appearance, HTP® fencing material is color fast, stain-resistant and mildew resistant.

Spur HTP® withstands temperature conditions from **-40°F to 200°F** without becoming brittle or experiencing any kind of breakdown.

In-Line Tensioner

EASY TO USE
RATCHET SYSTEM

The In-Line Tensioner is an easy to use ratchet system that makes tensioning on Spur®, PolyPlus®/PolyStrand®, White Lightning® and Hot-Site® quick and easy.

Tightening handle sold separately.

Spur HTP® 4" Rail

- Mechanically bonded fence - Ask us how this differs from others!
- Each rail is installed in a continuous length allowing impact to be absorbed by the entire length of the fence
- Made in the USA
- Fence life is 20+ years with a 20-year limited warranty
- Spur HTP® 4" rail is easily combined with other Centaur fencing to fit your budget or design needs
